Smart contract

5 Important key points Lion Share has made better

1. When one of your direct referrals acquires **a higher package than you**, you recover your direct in the next cycle.

2. In both the personal matrix and team builder matrix, **you are only required to purchase the package once**. You can continue to cycle without purchasing the package again.

3. In the team building matrix **you never lose your direct referrals**. Your direct referrals will always follow you into your matrix as they cycle. This allows you to cycle more often with teamwork!

4. More **packages at a low cost**, which gives you a larger **scalability** for your business and team.

5. **Be one of the first to join at a worldwide level.**

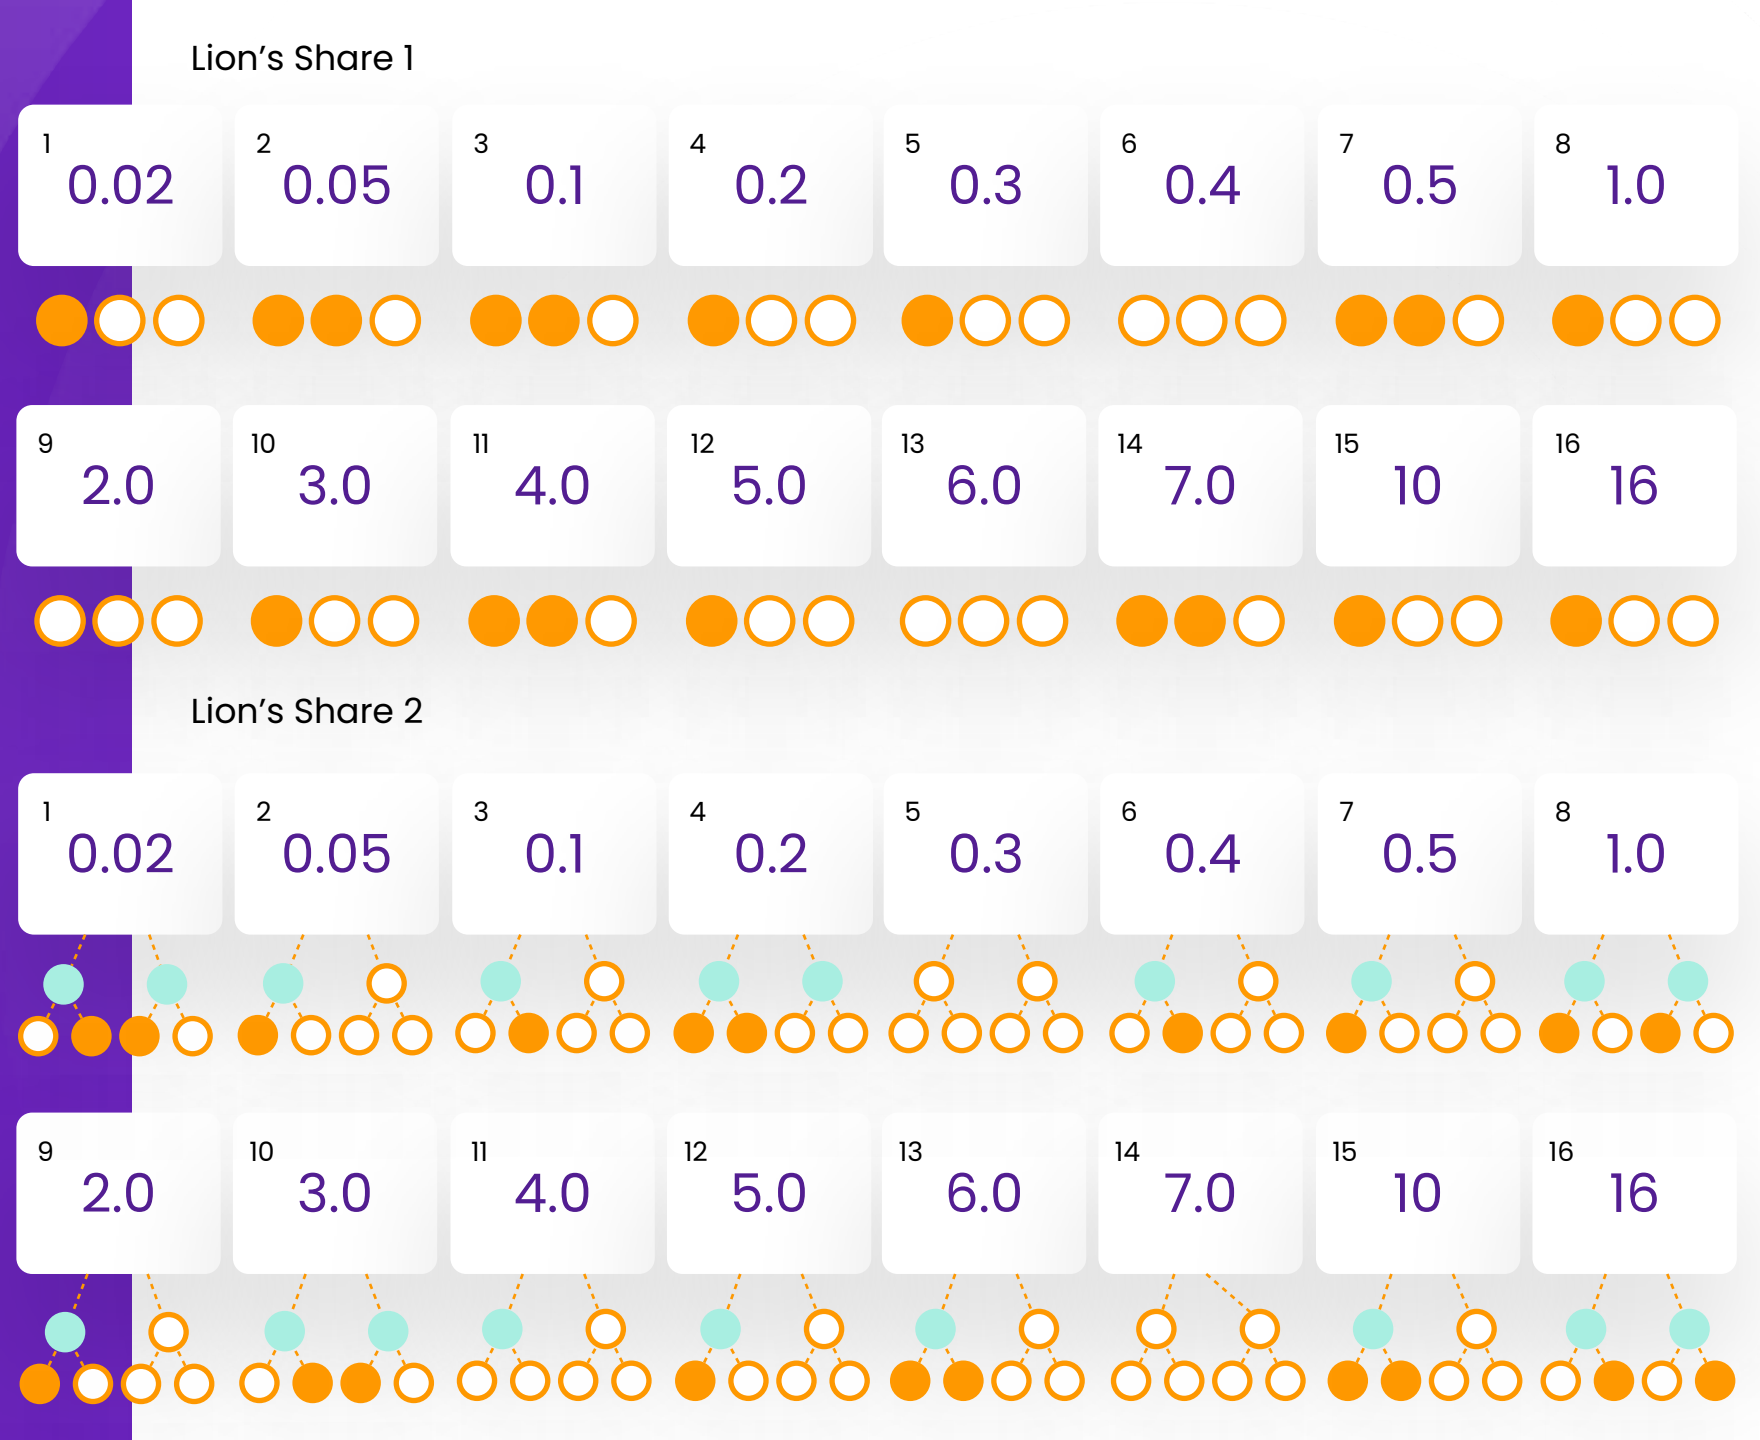

The legacy of smart contracts

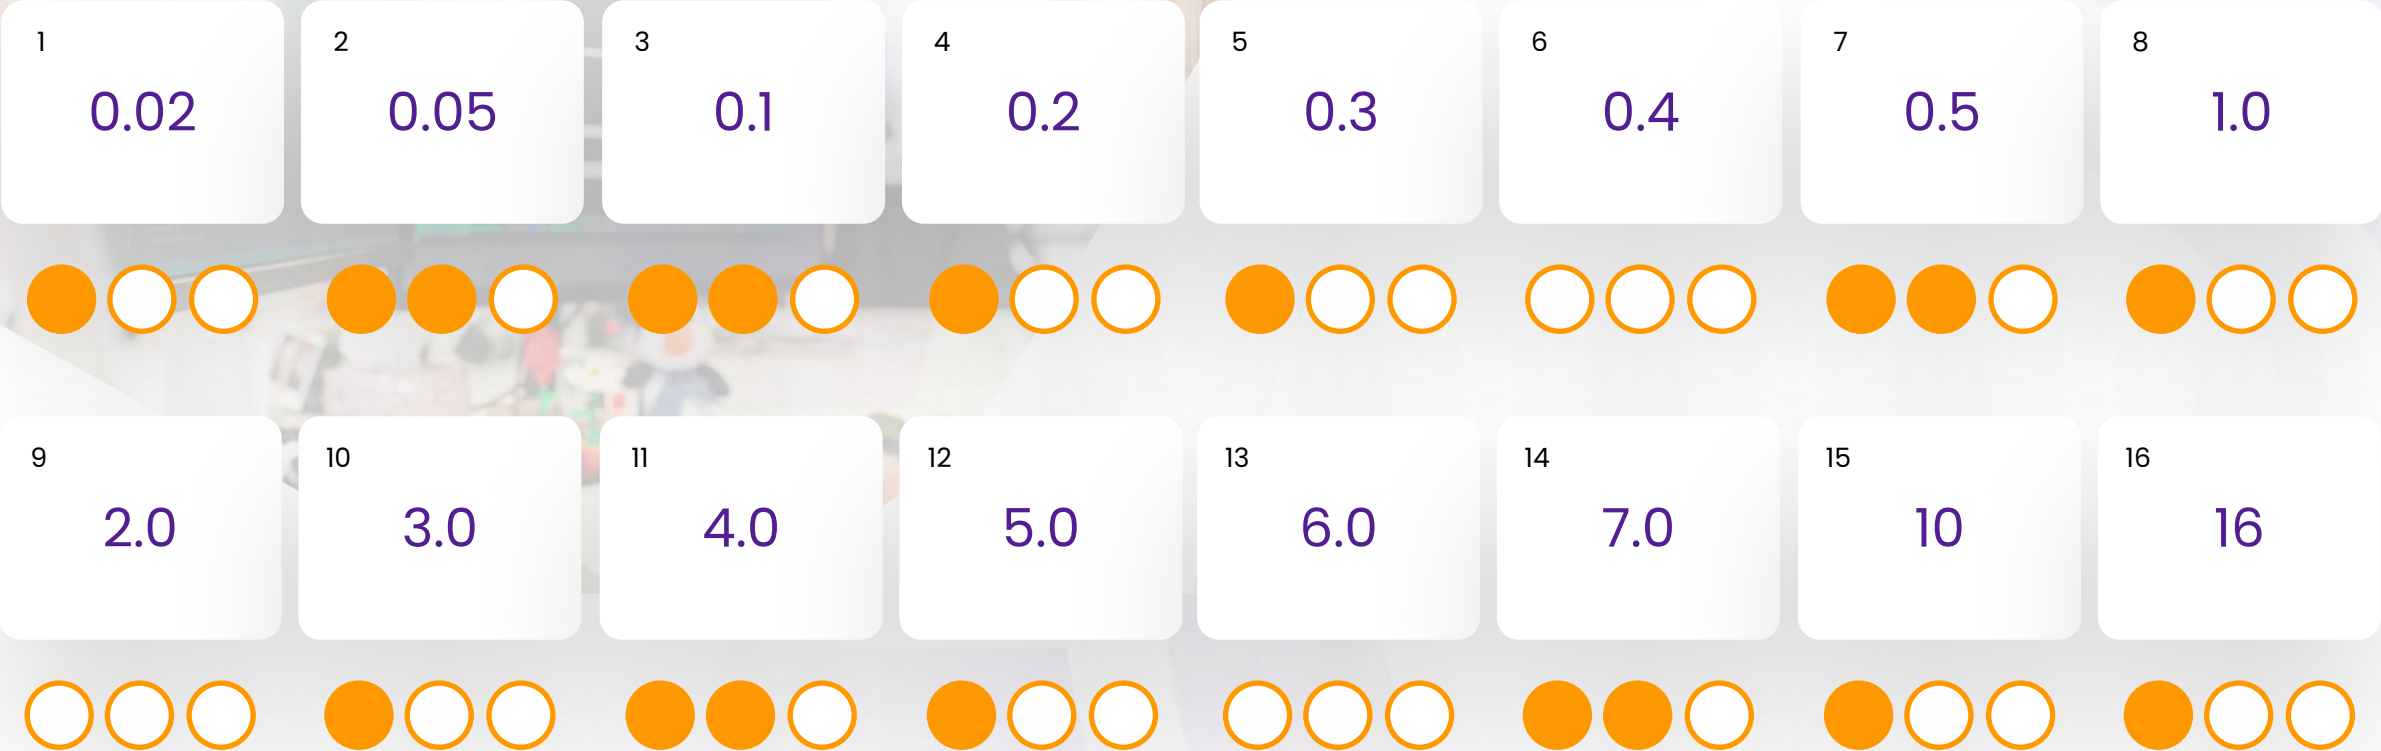

We offer two different platforms,
that you can join, **we call them**
L1 and L2.

Each platform offers 16 different ways to earn for a total of 32!

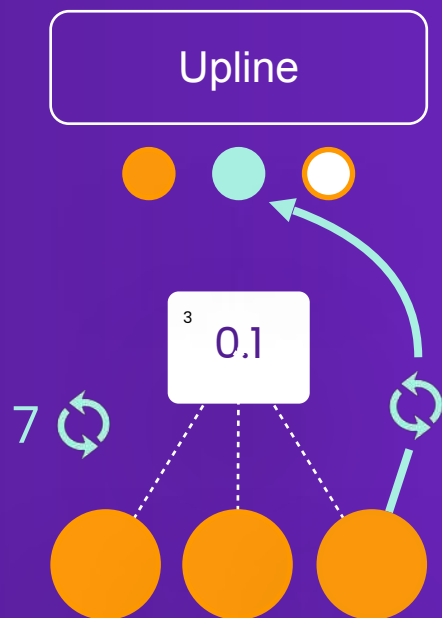

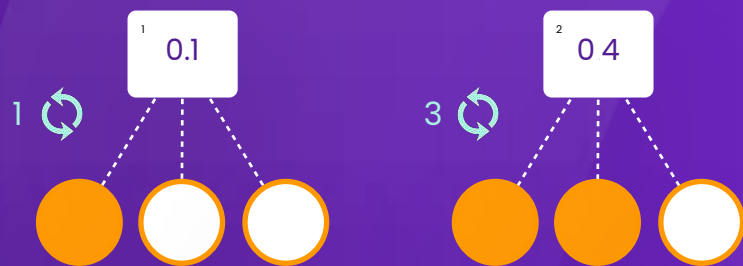

You can get started in both L1 and L2 simultaneously. This means it is affordable to anyone who wants the opportunity to earn ETH!

Lion's Share 1

In matrix L1, you earn by inviting new members. You benefit from both your referrals and their direct referrals. You cycle the matrix as many times as possible the matrix does not expire and you receive payment 2 times for each cycle.

The L1 is where all your **personal referrals** are placed! 100% of the first two sales goes directly to you!

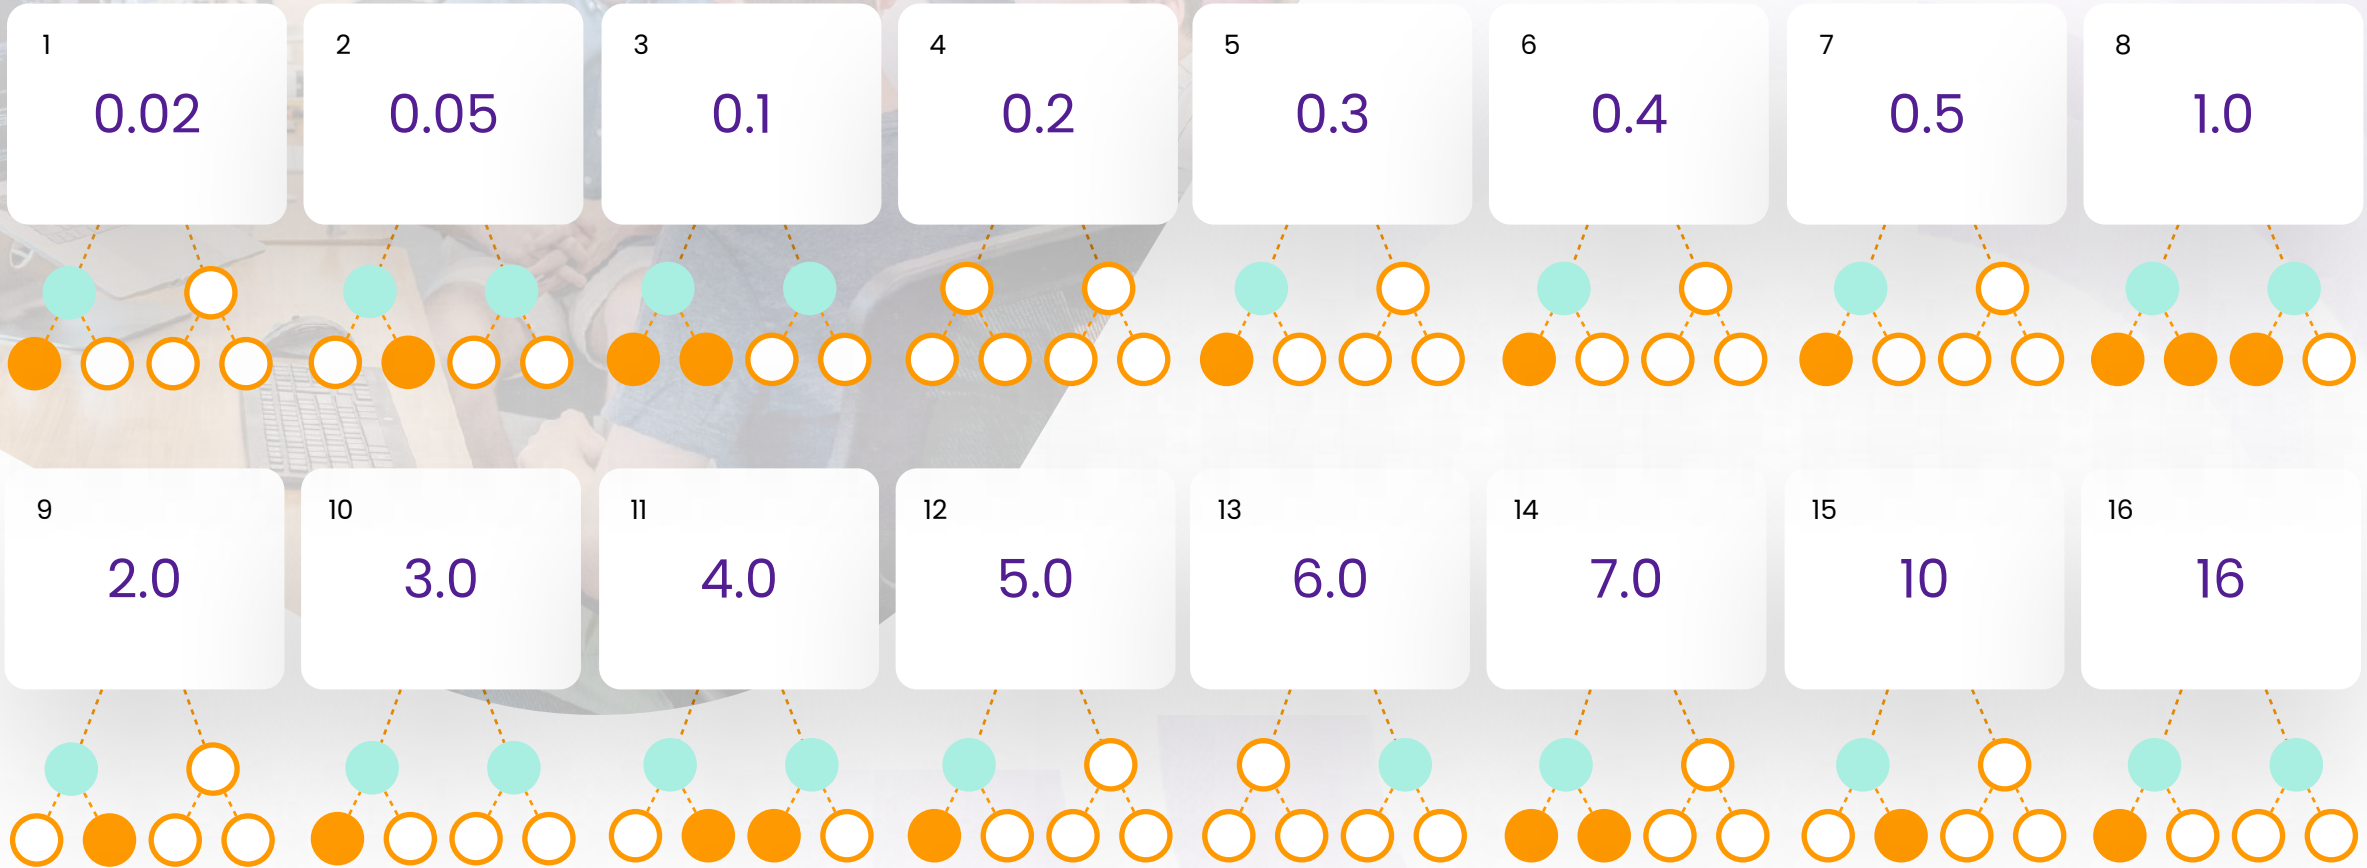

The 3rd sale will go to your **upline**, and this will reopen your matrix! You only have to pay one time, but you can earn forever! With our automatic reopen feature you will continue to earn commissions payments as you refer new members.

All the people that you personally sponsor will follow you after they cycle and will create even more income on your L1 platform!

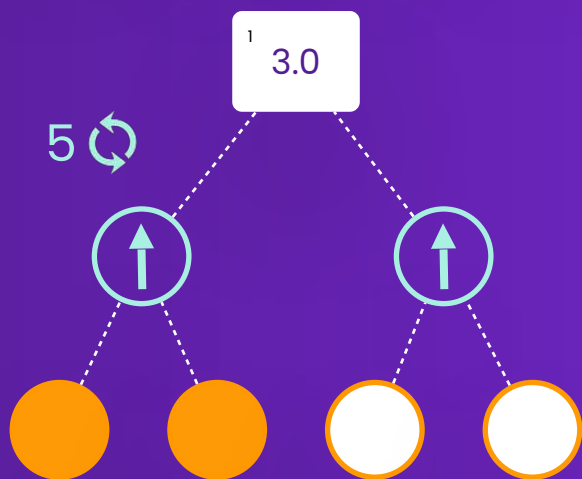

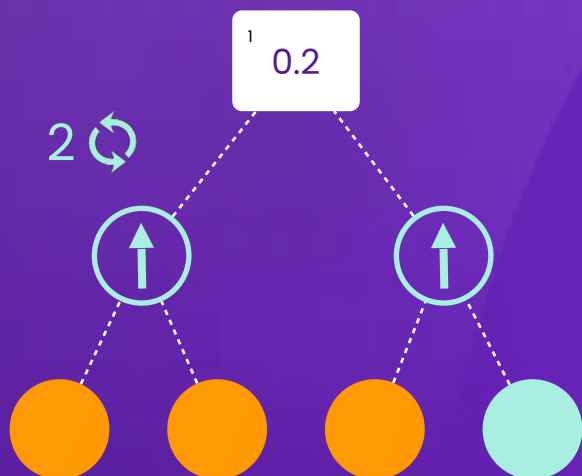

In order to earn on the L1 platform you are required to own the package that is producing the commissions! If you don't own the package the commission will be passed up to your upline, or whoever the next person in line who owns the package.

You don't have to upgrade, but as you can see there is a huge incentive for those who choose to upgrade!

Lion's Share 2

In the L2 Matrix the commissions from position #1 and position #2 will go upline. Then you will earn 100% from the next three sales that will fill positions #3,#4, and #5.

The L2 package is where teamwork starts to happen! With our dynamic **“follow me matrix”** allows you to truly work as a team!

In the L2 the first 2 sales in your matrix go to your upline. **100% of the 3rd, 4th, and 5th sale are paid directly and instantly to you!**

The 6th sale goes to your upline and **reopens your matrix, so you can continue to earn.**

You only have to pay one time, but you can earn forever! With our automatic reopen feature you will continue to earn commissions payments as you refer new members.

In order to earn on the L2 platform you are required to own the package that is producing the commissions! If you don't own the package the commission will be passed up to your upline, or whoever the next person in line who owns the package.

You don't have to upgrade, but as you can see there is a huge incentive for those who choose to upgrade!

The calculations are underestimated and performed with the minimum indicators, which in principle cannot be, because the moment you buy a level 16 slot, you will have many more reinvestments of the low level slots.

In fact, if you have two with a 16-level slot, the calculations can be multiplied by 2, 3, 5 times.

The minimum income of each partner who has reached slot level 16.

Commission Payouts

All commissions with **Lion's Share** are paid **directly and instantly** to our members. The company is never responsible for making a commission payment.

You will never have to wait a day, a week, a month, or even a minute! Payments are made instantly to your Ethereum wallet!

Since payments are made peer to peer, Lion's Share does not store any of your personal information or your wallet addresses. **It's Time For You to Get Your Lion Share!**

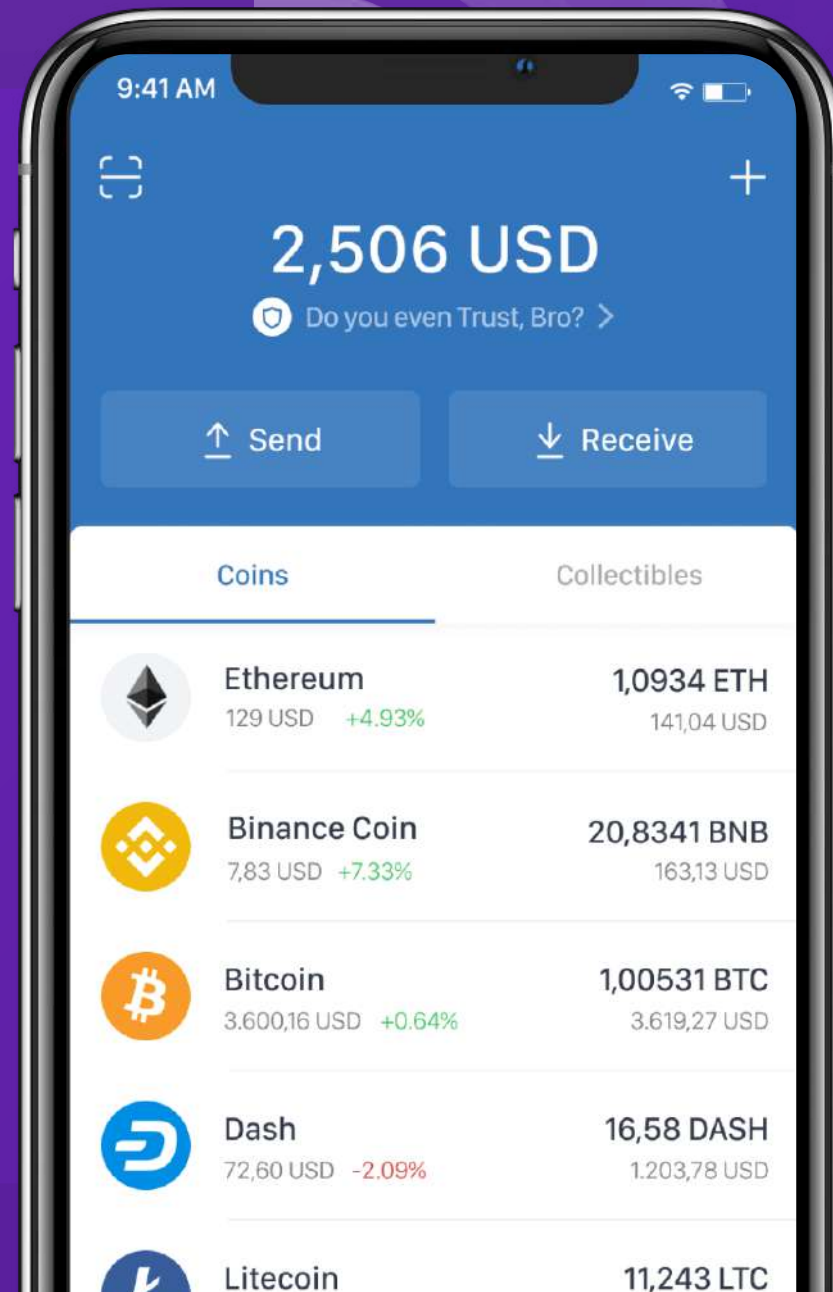

Requirements

The only requirement to participate in Lion's Share is **to have your own Ethereum Wallet**.

These are simple and free to set up! We recommend you download **Trust Wallet** if you are using an Android phone. You can also download **Meta Mask** directly on your computer.

It is a simple Chrome extension. You will want to complete the setup of your wallet before getting started.

If you need assistance with this make sure to contact your sponsor.

A woman's face is shown in profile, looking towards the right. Her face is overlaid with various digital elements, including binary code (0s and 1s) and colorful, glowing lines that suggest a network or data flow. The background is dark with more binary code and some blurred text. The image is framed by a large, stylized 'X' shape made of orange and white diagonal bands.
